3. When deemed to be adopted
A trade-mark is deemed to have been adopted by a person when that
person or his predecessor in title commenced to use it in Canada or
to make it known in Canada or, if that person or his predecessor had
not previously so used it or made it known, when that person or his
predecessor filed an application for its registration in Canada.

4. When deemed to be used
(1) A trade-mark is deemed to be used in association with goods if,
at the time of the transfer of the property in or possession of the
goods, in the normal course of trade, it is marked on the goods
themselves or on the packages in which they are distributed or it is
in any other manner so associated with the goods that notice of the
association is then given to the person to whom the property or
possession is transferred.
Idem
(2) A trade-mark is deemed to be used in association with services if it is used or displayed in the performance or advertising of those services.

Use by export

(3) A trade-mark that is marked in Canada on goods or on the packages in which they are contained is, when the goods are exported from Canada, deemed to be used in Canada in association with those goods.

5. When deemed to be made known
A trade-mark is deemed to be made known in Canada by a person only if it is used by that person in a country of the Union, other than Canada, in association with goods or services, and (a) the goods are distributed in association with it in Canada, or (b) the goods or services are advertised in association with it in (i) any printed publication circulated in Canada in the ordinary course of commerce among potential dealers in or users of the goods or services, or (ii) radio broadcasts ordinarily received in Canada by potential dealers in or users of the goods or services, and it has become well known in Canada by reason of the distribution or advertising.

6. When mark or name confusing
(1) For the purposes of this Act, a trade-mark or trade-name is confusing with another trade-mark or trade-name if the use of the first mentioned trade-mark or trade-name would cause confusion with the last mentioned trade-mark or trade-name in the manner and circumstances described in this section.

Idem
(2) The use of a trade-mark causes confusion with another trade-mark if the use of both trade-marks in the same area would be likely to lead to the inference that the wares or services associated with those trade-marks are manufactured, sold, leased, hired or performed by the same person, whether or not the wares or services are of the same general class.

Idem
(3) The use of a trade-mark causes confusion with a trade-name if the use of both the trade-mark and trade-name in the same area would be likely to lead to the inference that the goods or services associated with the trade-mark and those associated with the business carried on under the trade-name are manufactured, sold, leased, hired or
performed by the same person, whether or not the goods or services are of the same general class.

**Idem**

(4) The use of a trade-name causes confusion with a trade-mark if the use of both the trade-name and trade-mark in the same area would be likely to lead to the inference that the goods or services associated with the business carried on under the trade-name and those associated with the trade-mark are manufactured, sold, leased, hired or performed by the same person, whether or not the goods or services are of the same general class.

**What to be considered**

(5) In determining whether trade-marks or trade-names are confusing, the court or the Registrar, as the case may be, shall have regard to all the surrounding circumstances including

(a) the inherent distinctiveness of the trade-marks or trade-names and the extent to which they have become known;
(b) the length of time the trade-marks or trade-names have been in use;
(c) the nature of the goods, services or business;
(d) the nature of the trade; and
(e) the degree of resemblance between the trade-marks or trade-names in appearance or sound or in the ideas suggested by them.

(a) make a false or misleading statement tending to discredit the business, goods or services of a competitor;
(b) direct public attention to his goods, services or business in such a way as to cause or be likely to cause confusion in Canada, at the time he commenced so to direct attention to them, between his goods, services or business and the goods, services or business of another;
(c) pass off other goods or services as and for those ordered or requested;
(d) make use, in association with goods or services, of any description that is false in a material respect and likely to mislead the public as to
(i) the character, quality, quantity or composition,
(ii) the geographical origin, or
(iii) the mode of the manufacture, production or performance of the goods or services.
(e) [Repealed]

8. Warranty of lawful use

Every person who in the course of trade transfers the property in or the possession of any goods bearing, or in packages bearing, any trade-mark or trade-name shall, unless before the transfer he otherwise expressly states in writing, be deemed to warrant, to the person to whom the property or possession is transferred, that the trade-mark or trade-name has been and may be lawfully used in connection with the goods.

10. Further prohibitions
Where any mark has by ordinary and bona fide commercial usage become recognized in Canada as designating the kind, quality, quantity, destination, value, place of origin or date of production of any goods or services, no person shall adopt it as a trade-mark in association with such goods or services or others of the same general class or use it in a way likely to mislead, nor shall any person so adopt or so use any mark so nearly resembling that mark as to be likely to be mistaken therefor.

(d) in the case of an indication identifying an agricultural product or food, that, when the statement by the Minister is published, the indication is confusing with

(i) a registered trade-mark, or

(ii) a trade-mark that was previously used in Canada and that has not been abandoned; or

(e) in the case of an indication identifying an agricultural product or food, that

(i) when the statement by the Minister is published, the indication is confusing with a trademark in respect of which an application for registration was previously filed in Canada, and

(i) when the statement by the Minister in respect of the translation is published, the translation is confusing with a trade-mark in respect of which an application for registration was previously filed in Canada, and
(ii) on the day on which the application is made, that application for registration remains pending or the trade-mark is registered; or
(d) that, when the statement by the Minister in respect of the translation is published, the translation is not a faithful translation of the indication.

How application is made
(4) An application shall be made by the filing of an originating notice of motion, by counter-claim in an action for an act contrary to section 11.14 or 11.15, or by statement of claim in an action claiming additional relief under this Act.

Summary proceedings
(5) The proceedings on an application shall be heard and determined summarily on evidence adduced by affidavit unless the Federal Court directs otherwise.

(b) whether depicted, written or sounded, either clearly descriptive or deceptively misdescriptive in the English or French language of the character or quality of the goods or services in association with which it is used or proposed to be used or of the conditions of or the persons employed in their production or of their place of origin;

**Effect of registration**

(2) No registration of a distinguishing guise interferes with the use of any utilitarian feature embodied in the distinguishing guise.

**Not to limit art or industry**

(3) The registration of a distinguishing guise may be expunged by the Federal Court on the application of any interested person if the Court decides that the registration has become likely unreasonably to limit the development of any art or industry.

15. **Registration of confusing marks**

(1) Notwithstanding section 12 or 14, confusing trade-marks are registrable if the applicant is the owner of all such trade-marks, which shall be known as associated trade-marks.
Record
(2) On the registration of any trade-mark associated with any other registered trade-mark, a note of the registration of each trade-mark shall be made on the record of registration of the other trade-mark.

Amendment
(3) No amendment of the register recording any change in the ownership or in the name or address of the owner of any one of a group of associated trade-marks shall be made unless the Registrar is satisfied that the same change has occurred with respect to all the trade-marks in the group, and corresponding entries are made contemporaneously with respect to all those trade-marks.
16. Registration of marks used or made known in Canada

(1) Any applicant who has filed an application in accordance with section 30 for registration of a trade-mark that is registrable and that he or his predecessor in title has used in Canada or made known in Canada in association with wares or services is entitled, subject to section 38, to secure its registration in respect of those goods or services, unless at the date on which he or his predecessor in title first so used it or made it known it was confusing with

(c) a trade-name that had been previously used in Canada by any other person.

Where application for confusing mark pending

(4) The right of an applicant to secure registration of a registrable trade-mark is not affected by the previous filing of an application for registration of a confusing trade-mark by another person, unless the application for registration of the confusing trade-mark was pending at the date of advertisement of the applicant’s application in accordance with section 37.

Previous use or making known

(5) The right of an applicant to secure registration of a registrable trade-mark is not affected by the previous use or making known of a confusing trade-mark or trade-name by another person, if the confusing trade-mark or trade-name was abandoned at the date of advertisement of the applicant’s application in accordance with section 37.
VALIDITY AND EFFECT OF REGISTRATION

17. Effect of registration in relation to previous use, etc.
(1) No application for registration of a trade-mark that has been advertised in accordance with section 37 shall be refused and no registration of a trade-mark shall be expunged or amended or held invalid on the ground of any previous use or making known of a confusing trademark or trade-name by a person other than the applicant for that registration or his predecessor in title, except at the instance of that other person or his successor in title, and the burden lies on that other person or his successor to establish that he had not abandoned the confusing trade-mark or trade-name at the date of advertisement of the applicant’s application.

When registration incontestable
(2) In proceedings commenced after the expiration of five years from the date of registration of a trade-mark or from July 1, 1954, whichever is the later, no registration shall be expunged or amended or held invalid on the ground of the previous use or making known referred to in subsection (1), unless it is established that the person who adopted the registered trade-mark in Canada did so with knowledge of that previous use or making known.

18. When registration invalid
(1) The registration of a trade-mark is invalid if
(a) the trade-mark was not registrable at the date of registration,
(b) the trade-mark is not distinctive at the time proceedings bringing the validity of the registration into question are commenced,
(c) the trade-mark has been abandoned, or

Exception
(2) No registration of a trade-mark that had been so used in Canada by the registrant or his predecessor in title as to have become distinctive at the date of registration shall be held invalid merely on the ground that evidence of the distinctiveness was not submitted to the competent authority or tribunal before the grant of the registration.

19. Rights conferred by registration
Subject to sections 21, 32 and 67, the registration of a trade-mark in respect of any goods or services, unless shown to be invalid, gives

20. Infringement

(1) The right of the owner of a registered trade-mark to its exclusive use is deemed to be infringed by any person who is not entitled to its use under this Act and who

Exception – bona fide use

(1.1) The registration of a trade-mark does not prevent a person from making, in a manner that is not likely to have the effect of deprecating the value of the goodwill attaching to the trade-mark, (a) any bona fide use of his or her personal name as a trade-name; or (b) any bona fide use, other than as a trade-mark, of the geographical
name of his or her place of business or of any accurate description of the character or quality of his or her goods or services.

21. Concurrent use of confusing marks

(1) Where, in any proceedings respecting a registered trade-mark the registration of which is entitled to the protection of subsection 17(2), it is made to appear to the Federal Court that one of the parties to the proceedings, other than the registered owner of the trade-mark, had in good faith used a confusing trade-mark or trade-name in Canada before the date of filing of the application for that registration, and the Court considers that it is not contrary to the public interest that the continued use of the confusing trade-mark or trade-name should be permitted in a defined territorial area concurrently with the use of the registered trade-mark, the Court may, subject to such terms as it deems just, order that the other party may continue to use the confusing trade-mark or trade-name within that area with an adequate specified distinction from the registered trade-mark.

Registration of order

(2) The rights conferred by an order made under subsection (1) take effect only if, within three months from its date, the other party makes application to the Registrar to enter it on the register in connection with the registration of the registered trade-mark.

22. Depreciation of goodwill

(1) No person shall use a trade-mark registered by another person in a manner that is likely to have the effect of depreciating the value of the goodwill attaching thereto.

Action in respect thereof

(2) In any action in respect of a use of a trade-mark contrary to subsection (1), the court may decline to order the recovery of damages
or profits and may permit the defendant to continue to sell goods marked with the trade-mark that were in his possession or under his control at the time notice was given to him that the owner of the registered trade-mark complained of the use of the trade-mark.

24. Registration of trade-mark confusing with certification mark
With the consent of the owner of a certification mark, a trade-mark confusing with the certification mark may, if it exhibits an appropriate difference, be registered by some other person to indicate that the goods or services in association with which it is used have been manufactured, sold, leased, hired or performed by him as one of the persons entitled to use the certification mark, but the registration thereof shall be expunged by the Registrar on the withdrawal at any time of the consent of the owner of the certification mark or on the cancellation of the registration of the certification mark.

25. Descriptive certification mark
A certification mark descriptive of the place of origin of goods or services, and not confusing with any registered trade-mark, is registrable if the applicant is the administrative authority of a country, state, province or municipality including or forming part of the area indicated by the mark, or is a commercial association having

Registration to be restricted

(2) The Registrar shall, having regard to the evidence adduced, restrict the registration to the goods or services in association with which the trade-mark is shown to have been so used as to have become

(1) When an application for the registration of a trade-mark has been made in or for any country of the Union other than Canada and an application is subsequently made in Canada for the registration for use in association with the same kind of wares or services of the same or substantially the same trade-mark by the same applicant or the applicant’s successor in title, the date of filing of the application in or for the other country is deemed to be the date of filing of the application in Canada, and the applicant is entitled to priority in Canada accordingly notwithstanding any intervening use in Canada or making known in Canada or any intervening application or registration if
(a) the application in Canada, including or accompanied by a declaration setting out the date on which and the country of the Union in or for which the earliest application was filed for the registration of the same or substantially the same trade-mark for use in association with the same kind of wares or services, is filed within a period of six months after that date, which period shall not be extended;
(b) the applicant or, if the applicant is a transferee, the applicant’s predecessor in title by whom any earlier application was filed in or for any country of the Union was at the date of the application a citizen or national of or domiciled in that country or had therein a real and effective industrial or commercial establishment; and

How and when evidence must be furnished
(3) The Registrar may specify in the request the manner in which the evidence must be furnished and the period within which it must be
furnished.

35. Disclaimer
The Registrar may require an applicant for registration of a trade-mark to disclaim the right to the exclusive use apart from the trade-mark of such portion of the trade-mark as is not independently registrable, but the disclaimer does not prejudice or affect the applicant’s rights then existing or thereafter arising in the disclaimed matter, nor does the disclaimer prejudice or affect the applicant’s right to registration on a subsequent application if the disclaimed matter has then become distinctive of the applicant’s goods or services.

36. Abandonment
Where, in the opinion of the Registrar, an applicant is in default in the prosecution of an application filed under this Act or any Act relating to trade-marks in force prior to July 1, 1954, the Registrar may, after giving notice to the applicant of the default, treat the application as abandoned unless the default is remedied within the time specified in the notice.

37. When applications to be refused
(1) The Registrar shall refuse an application for the registration of a trade-mark if he is satisfied that
(a) the application does not conform to the requirements of section 30,
(b) the trade-mark is not registrable, or
(c) the applicant is not the person entitled to registration of the trade-mark because it is confusing with another trade-mark for the registration of which an application is pending, and where the Registrar is not so satisfied, he shall cause the application to be advertised in the manner prescribed.

Notice to applicant
(2) The Registrar shall not refuse any application without first notifying the applicant of his objections thereto and his reasons for those objections, and giving the applicant adequate opportunity to answer those objections.

Doubtful cases
(3) Where the Registrar, by reason of a registered trade-mark, is in doubt whether the trade-mark claimed in the application is registrable, he shall, by registered letter, notify the owner of the registered
trade-mark of the advertisement of the application.

38. Statement of opposition
(1) Within two months after the advertisement of an application for the registration of a trade-mark, any person may, on payment of the prescribed fee, file a statement of opposition with the Registrar.

   (a) that the application does not conform to the requirements of section 30;
   (b) that the trade-mark is not registrable;
   (c) that the applicant is not the person entitled to registration of the trade-mark; or
   (d) that the trade-mark is not distinctive.

Content
(3) A statement of opposition shall set out
   (a) the grounds of opposition in sufficient detail to enable the applicant to reply thereto; and
   (b) the address of the opponent’s principal office or place of business in Canada, if any, and if the opponent has no office or place of business in Canada, the address of his principal office or place of business abroad and the name and address in Canada of a person or firm on whom service of any document in respect of the opposition may be made with the same effect as if it had been served on the opponent himself.

(4) If the Registrar considers that the opposition does not raise a substantial issue for decision, he shall reject it and shall give notice of his decision to the opponent.

Substantial issue
(5) If the Registrar considers that the opposition raises a substantial issue for decision, he shall forward a copy of the statement of opposition to the applicant.

Counter statement
(6) The applicant shall file a counter statement with the Registrar and serve a copy on the opponent in the prescribed manner and within the prescribed time after a copy of the statement of opposition has been served on the applicant.

Evidence and hearing
(7) Both the opponent and the applicant shall be given an opportunity,
in the prescribed manner, to submit evidence and to make representations to the Registrar unless
(a) the opposition is withdrawn or deemed under subsection (7.1) to have been withdrawn; or
(b) the application is abandoned or deemed under subsection (7.2) to have been abandoned.

Withdrawal of opposition
(7.1) The opposition shall be deemed to have been withdrawn if, in the prescribed circumstances, the opponent does not submit either evidence under subsection (7) or a statement that the opponent does not wish to submit evidence.

Abandonment of application
(7.2) The application shall be deemed to have been abandoned if the applicant does not file and serve a counter statement within the time referred to in subsection (6) or if, in the prescribed circumstances, the applicant does not submit either evidence under subsection (7) or a statement that the applicant does not wish to submit evidence.

Decision
(8) After considering the evidence and representations of the opponent and the applicant, the Registrar shall refuse the application or reject the opposition and notify the parties of the decision and the reasons for the decision.

39. When application to be allowed
(1) When an application for the registration of a trade-mark either has not been opposed and the time for the filing of a statement of opposition has expired or it has been opposed and the opposition has been decided in favour of the applicant, the Registrar shall allow the application or, if an appeal is taken, shall act in accordance with the final judgment given in the appeal.

No extension of time
(2) Subject to subsection (3), the Registrar shall not extend the time for filing a statement of opposition with respect to any application that has been allowed.

Exception
(3) Where the Registrar has allowed an application without considering a previously filed request for an extension of time to file a statement of opposition, the Registrar may withdraw the application from allowance at any time before issuing a certificate of registration and, in accordance with section 47, extend the time for filing a statement of opposition.
REGISTRATION OF TRADE-MARKS

40. Registration of trade-marks
(1) When an application for registration of a trade-mark, other than a proposed trade-mark, is allowed, the Registrar shall register the trade-mark and issue a certificate of its registration.

Proposed trade-mark
(2) When an application for registration of a proposed trade-mark is allowed, the Registrar shall give notice to the applicant accordingly and shall register the trade-mark and issue a certificate of registration on receipt of a declaration that the use of the trade-mark in Canada, in association with the goods or services specified in the application, has been commenced by
(a) the applicant;
(b) the applicant’s successor in title; or
(c) an entity that is licensed by or with the authority of the applicant to use the trade-mark, if the applicant has direct or indirect control of the character or quality of the goods or services.

Abandonment of application
(3) An application for registration of a proposed trade-mark shall be deemed to be abandoned if the Registrar has not received the declaration referred to in subsection (2) before the later of
(a) six months after the notice by the Registrar referred to in subsection (2), and
(b) three years after the date of filing of the application in Canada.

Form and effect
(4) Registration of a trade-mark shall be made in the name of the applicant therefor or his transferee, and the day on which registration is made shall be entered on the register, and the registration takes effect on that day.

Section 34 does not apply
(5) For the purposes of subsection (3), section 34 does not apply in determining when an application for registration is filed.
AMENDMENT OF THE REGISTER

41. Amendments to register
(1) The Registrar may, on application by the registered owner of a trade-mark made in the prescribed manner, make any of the following amendments to the register:
(a) correct any error or enter any change in the name, address or description of the registered owner or of his representative for service in Canada;
(b) cancel the registration of the trade-mark;
(c) amend the statement of the wares or services in respect of which the trade-mark is registered;
(d) amend the particulars of the defined standard that the use of a certification mark is intended to indicate; or
(e) enter a disclaimer that does not in any way extend the rights given by the existing registration of the trade-mark.

Conditions
(2) An application to extend the statement of wares or services in respect of which a trade-mark is registered has the effect of an application for registration of the trade-mark in respect of the wares or services specified in the application for amendment.

42. Representative for service
(1) The registered owner of a trade-mark who has no office or place of business in Canada shall name another representative for service in place of the latest recorded representative or supply a new and correct address of the latest recorded representative on notice from the Registrar that the latest recorded representative has died or that a letter addressed to him at the latest recorded address and sent by ordinary mail has been returned undelivered.

Change of address
(2) When, after the dispatch of the notice referred to in subsection (1) by the Registrar, no new nomination is made or no new and correct address is supplied by the registered owner within three months, the Registrar or the Federal Court may dispose of any proceedings under this Act without requiring service on the registered owner of any process therein.

43. Additional representations
The registered owner of any trade-mark shall furnish such additional representations thereof as the Registrar may by notice demand and, if
he fails to comply with that notice, the Registrar may by a further notice, fix a reasonable time after which, if the representations are not furnished, he may expunge the registration of the trade-mark.

44. Notice for information
(1) The Registrar may at any time, and shall at the request of any person who pays the prescribed fee, by notice in writing require the registered owner of any trade-mark that was on the register on July 1, 1954 to furnish him within three months from the date of the notice with the information that would be required on an application for the registration of the trade-mark made at the date of the notice.

Amendments to register
(2) The Registrar may amend the registration of the trade-mark in accordance with the information furnished to him under subsection (1).

Failure to give information
(3) Where the information required by subsection (1) is not furnished, the Registrar shall by a further notice fix a reasonable time after which, if the information is not furnished, he may expunge the registration of the trade-mark.

45. Registrar may request evidence of user
(1) The Registrar may at any time and, at the written request made after three years from the date of the registration of a trade-mark by any person who pays the prescribed fee shall, unless the Registrar sees good reason to the contrary, give notice to the registered owner of the trade-mark requiring the registered owner to furnish within three months an affidavit or a statutory declaration showing, with respect to each of the goods or services specified in the registration, whether the trade-mark was in use in Canada at any time during the three year period immediately preceding the date of the notice and, if not, the date when it was last so in use and the reason for the absence of such use since that date.

Form of evidence
(2) The Registrar shall not receive any evidence other than the affidavit or statutory declaration, but may hear representations made by or on behalf of the registered owner of the trade-mark or by or on behalf of the person at whose request the notice was given.

Effect of non-use
(3) Where, by reason of the evidence furnished to the Registrar or the failure to furnish any evidence, it appears to the Registrar that a trade-mark, either with respect to all of the goods or services
specified in the registration or with respect to any of those wares or services, was not used in Canada at any time during the three year period immediately preceding the date of the notice and that the absence of use has not been due to special circumstances that excuse the absence of use, the registration of the trade-mark is liable to be expunged or amended accordingly.

Notice to owner

(4) When the Registrar reaches a decision whether or not the registration of a trade-mark ought to be expunged or amended, he shall give notice of his decision with the reasons therefor to the registered owner of the trade-mark and to the person at whose request the notice referred to in subsection (1) was given.

Action by Registrar

(5) The Registrar shall act in accordance with his decision if no appeal therefrom is taken within the time limited by this Act or, if an appeal is taken, shall act in accordance with the final judgment given in the appeal.
RENEWAL OF REGISTRATIONS

46. Renewal

(1) The registration of a trade-mark that is on the register by virtue of this Act is subject to renewal within a period of fifteen years from the day of the registration or last renewal.

Notice to renew

(2) If the registration of a trade-mark has been on the register without renewal for the period specified in subsection (1), the Registrar shall send a notice to the registered owner and to the registered owner’s representative for service, if any, stating that if within six months after the date of the notice the prescribed renewal fee is not paid, the registration will be expunged.

Failure to renew

(3) If within the period of six months specified in the notice, which period shall not be extended, the prescribed renewal fee is not paid, the Registrar shall expunge the registration.

Effective date of renewal

(4) When the prescribed fee for a renewal of any trade-mark registration under this section is paid within the time limited for the payment thereof, the renewal takes effect as of the day next following the expiration of the period specified in subsection (1).
EXTENSIONS OF TIME

47. Extensions of time

(1) If, in any case, the Registrar is satisfied that the circumstances justify an extension of the time fixed by this Act or prescribed by the regulations for the doing of any act, he may, except as in this Act otherwise provided, extend the time after such notice to other persons and on such terms as he may direct.

Conditions

(2) An extension applied for after the expiration of the time fixed for the doing of an act or the time extended by the Registrar under subsection (1) shall not be granted unless the prescribed fee is paid and the Registrar is satisfied that the failure to do the act or apply for the extension within that time or the extended time was not reasonably avoidable.
TRANSFER

48. Trade-mark transferable

(1) A trade-mark, whether registered or unregistered, is transferable, and deemed always to have been transferable, either in connection with or separately from the goodwill of the business and in respect of either all or some of the goods or services in association with which it has been used.

Where two or more persons interested

(2) Nothing in subsection (1) prevents a trade-mark from being held not to be distinctive if as a result of a transfer thereof there subsisted rights in two or more persons to the use of confusing trade-marks and the rights were exercised by those persons.

Registration of transfer

(3) The Registrar shall register the transfer of any registered trade-mark on being furnished with evidence satisfactory to him of the transfer and the information that would be required by paragraph 30(g) in an application by the transferee to register the trade-mark.
49. **Change of purpose**

If a mark is used by a person as a trade-mark for any of the purposes or in any of the manners mentioned in the definition “certification mark” or “trade-mark” in section 2, it shall not be held invalid merely on the ground that the person or a predecessor in title uses it or has used it for any other of those purposes or in any other of those manners.
LICENCES

50. Licence to use trade-mark

(1) For the purposes of this Act, if an entity is licensed by or with the authority of the owner of a trademark to use the trade-mark in a country and the owner has, under the licence, direct or indirect control of the character or quality of the goods or services, then the use, advertisement or display of the trade-mark in that country as or in a trade-mark, trade-name or otherwise by that entity has, and is deemed always to have had, the same effect as such a use, advertisement or display of the trade-mark in that country by the owner.

Idem

(2) For the purposes of this Act, to the extent that public notice is given of the fact that the use of a trade-mark is a licensed use and of the identity of the owner, it shall be presumed, unless the contrary is proven, that the use is licensed by the owner of the trade-mark and the character or quality of the goods or services is under the control of the owner.

Owner may be required to take proceedings

(3) Subject to any agreement subsisting between an owner of a trade-mark and a licensee of the trade-mark, the licensee may call on the owner to take proceedings for infringement thereof, and, if the owner refuses or neglects to do so within two months after being so called on, the licensee may institute proceedings for infringement in the licensee’s own name as if the licensee were the owner, making the owner a defendant.

51. Use of trade-mark by related companies

(1) Where a company and the owner of a trade-mark that is used in Canada by that owner in association with a pharmaceutical preparation are related companies, the use by the company of the trade-mark, or a trade-mark confusing therewith, in association with a pharmaceutical preparation that at the time of that use or at any time thereafter, (a) is acquired by a person directly or indirectly from the company, and (b) is sold, distributed or advertised for sale in Canada in a package bearing the name of the company and the name of that person as the distributor thereof, has the same effect, for all purposes of this Act, as a use of the trade-mark or the confusing trade-mark, as the case may be, by that owner.
Where difference in composition
(2) Subsection (1) does not apply to any use of a trade-mark or a confusing trade-mark by a company referred to in that subsection in association with a pharmaceutical preparation after such time, if any, as that pharmaceutical preparation is declared by the Minister of Health, by notice published in the Canada Gazette, to be sufficiently different in its composition from the pharmaceutical preparation in association with which the trade-mark is used in Canada by the owner referred to in subsection (1) as to be likely to result in a hazard to health.

Definition of “pharmaceutical preparation”
(3) In this section, “pharmaceutical preparation” includes
(a) any substance or mixture of substances manufactured, sold or represented for use in
(i) the diagnosis, treatment, mitigation or prevention of a disease, disorder or abnormal physical state, or the symptoms thereof, in humans or animals, or

(b) any substance to be used in the preparation or production of any substance or mixture of substances described in paragraph (a), but does not include any such substance or mixture of substances that is the same or substantially the same as a substance or mixture of substances that is a proprietary medicine within the meaning from time to time assigned to that expression by regulations made pursuant to the Food and Drugs Act.

(d) the goods, while being shipped from one place outside Canada to another, are in customs transit control or customs transhipment control in Canada.

Wine or spirits

(2.1) Wine or spirits shall not be imported or exported if they, or their labels or packaging, bear a protected geographical indication and the wine or spirits

(a) do not originate in the territory indicated by the indication; or
(b) do originate in the territory indicated by the indication but were not produced or manufactured in accordance with the law applicable to that territory.

Agricultural products or food

(2.2) An agricultural product or food of a category set out in the schedule shall not be imported or exported if it, or its label or packaging, bears a protected geographical indication and the agricultural product or food

(a) does not originate in the territory indicated by the indication; or
(b) does originate in the territory indicated by the indication, but was not produced or manufactured in accordance with the law applicable to that territory.
Exception  
(2.3) Subsections (2.1) and (2.2) do not apply if  
(a) the sale or distribution of the wine or spirit or the agricultural  
product or food — or, if the label or packaging of that wine, spirit  
or agricultural product or food bears a protected geographical  
indication and the sale or distribution of that wine, spirit or  
aricultural product or food in association with that label or  
packaging — would not be contrary to this Act;  
(b) the wine or spirit or the agricultural product or food is imported  
or exported by an individual in their possession or baggage and the  
circumstances, including the number of such goods, indicate that they  
are intended only for the individual’s personal use; or  
(c) the wine or spirit or the agricultural product or food, while  
being shipped from one place outside Canada to another, is in customs  
transit control or customs transhipment control in Canada.  

Restriction  
(3) The contravention of subsection (1), (2.1) or (2.2) does not give  
rise to a remedy under section 53.2.
Request for Assistance

51.04 Request for assistance

(1) The owner of a protected mark may file with the Minister, in the form and manner specified by the Minister, a request for assistance in pursuing remedies under this Act with respect to goods imported or exported in contravention of section 51.03.

Information in request

(2) The request for assistance shall include the name and address in Canada of the owner of the protected mark and any other information that is required by the Minister, including information about the trade-mark and the goods for which it is registered or, in the case of a geographical indication, the goods identified by the indication.

Validity period

(3) A request for assistance is valid for a period of two years beginning on the day on which it is accepted by the Minister. The Minister may, at the request of the owner of the protected mark, extend the period for two years, and may do so more than once.

Security

(4) The Minister may, as a condition of accepting a request for assistance or of extending a request’s period of validity, require that the owner of the protected mark furnish security, in an amount and form fixed by the Minister, for the payment of an amount for which the owner of the protected mark becomes liable under section 51.09.

Update

(5) The owner of the protected mark shall inform the Minister in writing, as soon as feasible, of any changes to
(a) the validity of the protected mark that is the subject of the request for assistance;
(b) the ownership of the protected mark; or
(c) the goods for which the trade-mark is registered or, in the case of a geographical indication, the goods identified by the indication.
Measures Relating to Detained Goods

51.05 Provision of information by customs officer
A customs officer who is detaining goods under section 101 of the Customs Act may, in the officer’s discretion, to obtain information about whether the importation or exportation of the goods is prohibited under section 51.03, provide the owner of a relevant protected mark with a sample of the goods and with any information about the goods that the customs officer reasonably believes does not directly or indirectly identify any person.

51.06 Provision of information to pursue remedy
(1) A customs officer who is detaining goods under section 101 of the Customs Act and who has reasonable grounds to suspect that the importation or exportation of the goods is prohibited under section 51.03 may, in the officer’s discretion, if the Minister has accepted a request for assistance with respect to a relevant protected mark filed by its owner, provide that owner with a sample of the goods and with information about the goods that could assist them in pursuing a remedy under this Act, such as
(a) a description of the goods and their characteristics;
(b) the name and address of their owner, importer, exporter and consignee and of the person who made them;
(c) their quantity;
(d) the countries in which they were made and through which they passed in transit; and
(e) the day on which they were imported, if applicable.

Detention
(2) Subject to subsection (3), the customs officer shall not detain, for the purpose of enforcing section 51.03, the goods for more than 10 working days — or, if the goods are perishable, for more than five days — after the day on which the customs officer first sends or makes available a sample or information to the owner under subsection (1). At the request of the owner made while the goods are detained for the purpose of enforcing section 51.03, the customs officer may, having regard to the circumstances, detain non-perishable goods for one additional period of not more than 10 working days.

Notice of proceedings
(3) If, before the goods are no longer detained for the purpose of enforcing of section 51.03, the owner of a relevant protected mark has provided the Minister, in the manner specified by the Minister, with
a copy of a document filed with a court commencing proceedings to obtain a remedy under this Act with respect to the detained goods, the customs officer shall continue to detain them until the Minister is informed in writing that
(a) the proceedings are finally disposed of, settled or abandoned;
(b) a court directs that the goods are no longer to be detained for the purpose of the proceedings; or
(c) the owner of the mark consents to the goods no longer being so detained.

Continued detention
(4) The occurrence of any of the events referred to in paragraphs (3)(a) to (c) does not preclude a customs officer from continuing to detain the goods under the Customs Act for a purpose other than with respect to the proceedings.

51.07 Restriction on information use—section 51.05
(1) A person who receives a sample or information that is provided under section 51.05 shall not use the information, or information that is derived from the sample, for any purpose other than to give information to the customs officer about whether the importation or exportation of the goods is prohibited under section 51.03.

Restriction on information use—subsection 51.06(1)
(2) A person who receives a sample or information that is provided under subsection 51.06(1) shall not use the information, or information that is derived from the sample, for any purpose other than to pursue remedies under this Act.

For greater certainty
(3) For greater certainty, subsection (2) does not prevent the confidential communication of information about the goods for the purpose of reaching an out-of-court settlement.

51.08 Inspection
After a sample or information has been provided under subsection 51.06(1), a customs officer may, in the officer’s discretion, give the owner, importer, exporter and consignee of the detained goods and the owner of the relevant protected mark an opportunity to inspect the goods.

51.09 Liability for charges
(1) The owner of a relevant protected mark who has received a sample or information under subsection 51.06(1) is liable to Her Majesty in
right of Canada for the storage and handling charges for the detained goods — and, if applicable, for the charges for destroying them — for the period beginning on the day after the day on which a customs officer first sends or makes available a sample or information to that owner under that subsection and ending on the first day on which one of the following occurs:

(a) the goods are no longer detained for the purpose of enforcing section 51.03 or, if subsection 51.06(3) applies, for the purpose of the proceedings referred to in that subsection;
(b) the Minister receives written notification in which the owner of the mark states that the importation or exportation of the goods does not, with respect to the owner’s relevant protected mark, contravene section 51.03;
(c) the Minister receives written notification in which the owner of the mark states that they will not, while the goods are detained for the purpose of enforcing section 51.03, commence proceedings to obtain a remedy under this Act with respect to them.

Exception — paragraph (1)(a)

(2) Despite paragraph (1)(a), if the goods are forfeited under subsection 39(1) of the Customs Act and the Minister did not, before the end of the detention of the goods for the purpose of enforcing section 51.03, receive a copy of a document filed with a court commencing proceedings to obtain a remedy under this Act with respect to the detained goods or the written notification referred to in paragraph (1)(b) or (c), the period ends on the day on which the goods are forfeited.

Exception — paragraph (1)(c)

(3) Despite paragraph (1)(c), if the goods are forfeited under subsection 39(1) of the Customs Act after the Minister has received the written notification referred to in that paragraph, the period ends on the day on which the goods are forfeited.

Joint and several or solidary liability

(4) The owner and the importer or exporter of goods that are forfeited in the circumstances set out in subsection (2) or (3) are jointly and severally, or solidarily, liable to the owner of the relevant protected mark for all the charges under subsection (1) paid by the owner of the relevant protected mark with respect to the period

(a) in the circumstances referred to in subsection (2), beginning on the day on which the goods are no longer detained for the purpose of enforcing section 51.03 and ending on the day on which the goods are forfeited; and
(b) in the circumstances referred to in subsection (3), beginning on the day on which the Minister receives the written notification referred to in paragraph (1)(c) and ending on the day on which the goods are forfeited.

**Exception**

(5) Subsections (1) to (3) do not apply if

(a) the detention of the goods for the purpose of enforcing section 51.03 ends before the expiry of 10 working days — or, if the goods are perishable, before the expiry of five days — after the day on which the customs officer first sends or makes available a sample or information to the owner of the mark under subsection 51.06(1); and

(b) the Minister has not, by the end of the detention, received a copy of a document filed with a court commencing proceedings to obtain a remedy under this Act with respect to the detained goods or the written notification referred to in paragraph (1)(b) or (c).
No Liability

51.10 No liability
Neither Her Majesty nor a customs officer is liable for any loss or damage suffered in relation to the enforcement or application of sections 51.03 to 51.06 and 51.08 because of:
(a) the detention of goods, except if the detention contravenes subsection 51.06(2);
(b) the failure to detain goods; or
(c) the release or cessation of detention of any detained goods, except if the release or cessation contravenes subsection 51.06(3).
Powers of Court Relating to Detained Goods

51.11 Application to court
(1) In the course of proceedings referred to in subsection 51.06(3), the court may, on the application of the Minister or a party to the proceedings,
(a) impose conditions on the storage or detention of the goods that are the subject of the proceedings; or
(b) direct that the goods are no longer to be detained for the purpose of the proceedings, on any conditions that the court may impose, if their owner, importer, exporter or consignee furnishes security in an amount fixed by the court.

Minister’s consent
(2) If a party applies to have the detained goods stored in a place other than a bonded warehouse or a sufferance warehouse, as those terms are defined in subsection 2(1) of the Customs Act, the Minister must consent to the storage of the goods in that place before a condition to that effect is imposed under subsection (1).

Customs Act
(3) The court may impose a condition described in subsection (2) despite section 31 of the Customs Act.

Continued detention
(4) A direction under paragraph (1)(b) that the goods are no longer to be detained for the purpose of the proceedings does not preclude a customs officer from continuing to detain the goods under the Customs Act for another purpose.

Security
(5) In the course of proceedings referred to in subsection 51.06(3), the court may, on the application of the Minister or a party to the proceedings, require the owner of the relevant protected mark to furnish security, in an amount fixed by the court,
(a) to cover duties, as defined in subsection 2(1) of the Customs Act, storage and handling charges, and any other amount that may become chargeable against the goods; and
(b) to answer any damages that may by reason of the detention be sustained by the owner, importer, exporter or consignee of the goods.

51.12 Damages against trade-mark owner
A court may award damages against the owner of a relevant protected mark who commenced proceedings referred to in subsection 51.06(3) to the owner, importer, exporter or consignee of the goods who is a party
to the proceedings for losses, costs or prejudice suffered as a result of the detention of goods if the proceedings are dismissed or discontinued.
Trade-mark Agents

51.13 Privileged communication

(1) A communication that meets the following conditions is privileged in the same way as a communication that is subject to solicitor-client privilege or, in civil law, to professional secrecy of advocates and notaries and no person shall be required to disclose, or give testimony on, the communication in a civil, criminal or administrative action or proceeding:
(a) it is between an individual whose name is included on the list of trade-mark agents and that individual’s client;
(b) it is intended to be confidential; and
(c) it is made for the purpose of seeking or giving advice with respect to any matter relating to the protection of a trade-mark, geographical indication or mark referred to in paragraph 9(1)(e), (i), (i.1), (i.3), (n) or (n.1).

Waiver

(2) Subsection (1) does not apply if the client expressly or implicitly waives the privilege.

Exceptions

(3) Exceptions to solicitor-client privilege or, in civil law, to professional secrecy of advocates and notaries apply to a communication that meets the conditions set out in paragraphs (1)(a) to (c).

Trade-mark agents — country other than Canada

(4) A communication between an individual who is authorized to act as a trade-mark agent under the law of a country other than Canada and that individual’s client that is privileged under the law of that other country and that would be privileged under subsection (1) had it been made between an individual whose name is included on the list of trade-mark agents and that individual’s client is deemed to be a communication that meets the conditions set out in paragraphs (1)(a) to (c).

Individual acting on behalf of trade-mark agent or client

(5) For the purposes of this section, an individual whose name is included on the list of trade-mark agents or an individual who is authorized to act as a trade-mark agent under the law of a country other than Canada includes an individual acting on their behalf and a client includes an individual acting on the client’s behalf.

Application

(6) This section applies to communications that are made before the
day on which this section comes into force if they are still confidential on that day and to communications that are made after that day. However, this section does not apply in respect of an action or proceeding commenced before that day.

Security
(2) Before making an order under subsection (1), the court may require the applicant to furnish security, in an amount fixed by the court, to answer any damages that may by reason of the order be sustained by the owner, importer or consignee of the goods and for any amount that may become chargeable against the wares while they remain in custody under the order.

Lien for charges
(3) Where, by the judgment in any action under this section finally determining the legality of the importation or distribution of the goods, their importation or distribution is forbidden, either absolutely or on condition, any lien for charges against them that arose prior to the date of an order made under this section has effect only so far as may be consistent with the due execution of the judgment.

Prohibition of imports
(4) Where in any action under this section the court finds that the importation is or the distribution would be contrary to this Act, it may make an order prohibiting the future importation of goods to which the trade-mark, trade-name or indication of origin has been applied.

How application made
(5) An application referred to in subsection (1) may be made in an
action or otherwise, and either on notice or ex parte.

Limitation

(6) No proceedings may be taken under subsection (1) for the interim custody of wares by the Minister if proceedings for the detention of the goods by the Minister may be taken under section 53.1.

53.1 Proceedings for detention by Minister

(1) Where a court is satisfied, on application by the owner of a registered trade-mark, that any goods to which the trade-mark has been applied are about to be imported into Canada or have been imported into Canada but have not yet been released, and that the distribution of the goods in Canada would be contrary to this Act, the court may make an order
(a) directing the Minister to take reasonable measures, on the basis of information reasonably required by the Minister and provided by the applicant, to detain the goods;
(b) directing the Minister to notify the applicant and the owner or importer of the goods, forthwith after detaining them, of the detention and the reasons therefor; and
(c) providing for such other matters as the court considers appropriate.

(b) to answer any damages that may by reason of the order be sustained by the owner, importer or consignee of the goods.

Application for directions

(4) The Minister may apply to the court for directions in implementing an order made under subsection (1).

(5) The Minister may give the applicant or the importer of the detained goods an opportunity to inspect them for the purpose of substantiating or refuting, as the case may be, the applicant’s claim.

Where applicant fails to commence an action

(6) Unless an order made under subsection (1) provides otherwise, the
Minister shall, subject to the Customs Act and to any other Act of Parliament that prohibits, controls or regulates the importation or exportation of goods, release the goods without further notice to the applicant if, two weeks after the applicant has been notified under paragraph (1)(b), the Minister has not been notified that an action has been commenced for a final determination by the court of the legality of the importation or distribution of the goods.

Where court finds in plaintiff’s favour

(7) Where, in an action commenced under this section, the court finds that the importation is or the distribution would be contrary to this Act, the court may make any order that it considers appropriate in the circumstances, including an order that the goods be destroyed or exported, or that they be delivered up to the plaintiff as the plaintiff’s property absolutely.

53.2 Power of court to grant relief

(1) If a court is satisfied, on application of any interested person, that any act has been done contrary to this Act, the court may make any order that it considers appropriate in the circumstances, including an order providing for relief by way of injunction and the recovery of damages or profits, for punitive damages and for the destruction or other disposition of any offending goods, packaging, labels and advertising material and of any equipment used to produce the goods, packaging, labels or advertising material.

Notice to interested persons

(2) Before making an order for destruction or other disposition, the court shall direct that notice be given to any person who has an interest or right in the item to be destroyed or otherwise disposed of, unless the court is of the opinion that the interests of justice do not require that notice be given.

53.3 Unaltered state—exportation, sale or distribution

(1) A court is not permitted, in any proceeding under section 53.1 or 53.2, to make an order under that section requiring or permitting the goods to be exported, sold or distributed in an unaltered state, except in a manner that does not affect the legitimate interests of the owner of the registered trade-mark or except in exceptional circumstances, if the court finds that

(a) goods bearing the registered trade-mark have been imported into Canada in such a manner that the distribution of the goods in Canada would be contrary to this Act; and
(b) the registered trade-mark has, without the consent of the owner, been applied to those goods with the intent of counterfeiting or imitating the trade-mark, or of deceiving the public and inducing them to believe that the goods were made with the consent of the owner.

**Removal of trade-mark**

(2) Subsection (1) also applies with respect to goods for which the only alteration is the removal of the trademark.

(4) A copy of any entry made or documents filed under the authority of any Act in force before July 1, 1954 relating to trade-marks, certified under the authority of that Act, is admissible in evidence and has the same probative force as a copy certified by the Registrar under this Act as provided in this section.

Additional evidence

57. Exclusive jurisdiction of Federal Court

(1) The Federal Court has exclusive original jurisdiction, on the application of the Registrar or of any person interested, to order that any entry in the register be struck out or amended on the ground that at the date of the application the entry as it appears on the register does not accurately express or define the existing rights of the person appearing to be the registered owner of the mark.

Hearing
(3) The proceedings on an appeal or application shall be heard and determined summarily on evidence adduced by affidavit unless the court otherwise directs, in which event it may order that any procedure permitted by its rules and practice be made available to the parties, including the introduction of oral evidence generally or in respect of one or more issues specified in the order.
