

● Technical fields where FI reclassification is ongoing or planned

As of August 2024

Technical field	H01M50/	Technical field	G01J5/
Scheme entry into force	Apr. 2021	Scheme entry into force	Apr. 2022
Expected completion of reclassification	pending	Expected completion of reclassification	pending
Number of documents to be reclassified	86,000	Number of documents to be reclassified	13,000
Technical field	F24H1/.3/.4/.7/.9/.15/.F24D18/	Technical field	B01F21/.23/.25/.27/.29/.31/.33/.35/
Scheme entry into force	Apr. 2022	Scheme entry into force	Apr. 2022
Expected completion of reclassification	pending	Expected completion of reclassification	pending
Number of documents to be reclassified	33,000	Number of documents to be reclassified	38,000
Technical field	B64U10/.20/.30/.40/.50/60/.70/.80/	Technical field	G08G5/
Scheme entry into force	Jan. 2023	Scheme entry into force	Jan. 2025 (TBE)
Expected completion of reclassification	Mar. 2025	Expected completion of reclassification	pending
Number of documents to be reclassified	5,800	Number of documents to be reclassified	2,600
Technical field	A01G13/	Technical field	C01G45/.51/.53/
Scheme entry into force	Jan. 2025 (TBE)	Scheme entry into force	Jan. 2025 (TBE)
Expected completion of reclassification	pending	Expected completion of reclassification	pending
Number of documents to be reclassified	5,800	Number of documents to be reclassified	2,000
Technical field	B60S1/	Technical field	G01B9/
Scheme entry into force	Nov. 2020	Scheme entry into force	Apr. 2022
Expected completion of reclassification	pending	Expected completion of reclassification	pending
Number of documents to be reclassified	8,300	Number of documents to be reclassified	4,500
Technical field	A01K67/	Technical field	H02K15/
Scheme entry into force	Jan. 2025 (TBE)	Scheme entry into force	Jan. 2025 (TBE)
Expected completion of reclassification	pending	Expected completion of reclassification	pending
Number of documents to be reclassified	1,000	Number of documents to be reclassified	28,000
Technical field	A61K40/	Technical field	A01N1/
Scheme entry into force	Jan. 2025 (TBE)	Scheme entry into force	Jan. 2025 (TBE)
Expected completion of reclassification	pending	Expected completion of reclassification	pending
Number of documents to be reclassified	6,500	Number of documents to be reclassified	1,300
Technical field	F27D17/	Technical field	A23B40/.70/
Scheme entry into force	Jan. 2025 (TBE)	Scheme entry into force	Jan. 2025 (TBE)
Expected completion of reclassification	pending	Expected completion of reclassification	pending
Number of documents to be reclassified	6,500	Number of documents to be reclassified	3,400
Technical field	B60R1/	Technical field	H01M8/
Scheme entry into force	Nov. 2021	Scheme entry into force	Nov. 2017
Expected completion of reclassification	pending	Expected completion of reclassification	pending
Number of documents to be reclassified	12,000	Number of documents to be reclassified	55,000
Technical field	C12Q1/.C12N15/	Technical field	B60L50/.53/.55/.58/
Scheme entry into force	Apr. 2018	Scheme entry into force	Apr. 2019
Expected completion of reclassification	pending	Expected completion of reclassification	pending
Number of documents to be reclassified	65,000	Number of documents to be reclassified	31,000
Technical field	H05B45/.47/	Technical field	A61B5/
Scheme entry into force	Apr. 2020	Scheme entry into force	Apr. 2021
Expected completion of reclassification	pending	Expected completion of reclassification	pending
Number of documents to be reclassified	25,000	Number of documents to be reclassified	17,000
Technical field	G03B30/	Technical field	
Scheme entry into force	Apr. 2021	Scheme entry into force	
Expected completion of reclassification	pending	Expected completion of reclassification	
Number of documents to be reclassified	65,000	Number of documents to be reclassified	

*1: Technical fields where minor FI revisions take place and technical fields where reclassification is finished in short period are not listed.

*2: Complete search with revised FI schemes is possible only after reclassification.

*3: "Expected completion of reclassification" might be changed due to various reasons.

*4: "Number of documents to be reclassified" might be changed due to various reasons.

*5: "Technical field" indicates the scope of the newly-established FI.
