

● Technical fields where FI reclassification is ongoing or planned

As of June 2023

Technical field	B29C48/	Technical field	B64G1/.4/.5/.7/
Scheme entry into force	Apr. 2019	Scheme entry into force	Nov. 2020
Expected completion of reclassification	Mar. 2023	Expected completion of reclassification	Mar. 2023
Number of documents to be reclassified	36,000	Number of documents to be reclassified	9,200
Technical field	A42B1/	Technical field	F24F7/.8/
Scheme entry into force	Apr. 2021	Scheme entry into force	Apr. 2021
Expected completion of reclassification	Mar. 2023	Expected completion of reclassification	Mar. 2023
Number of documents to be reclassified	9,400	Number of documents to be reclassified	13,000
Technical field	C25B1/.3/.9/.13/.15/	Technical field	H01M50/
Scheme entry into force	Apr. 2021	Scheme entry into force	Apr. 2021
Expected completion of reclassification	Mar. 2023	Expected completion of reclassification	pending
Number of documents to be reclassified	9,400	Number of documents to be reclassified	86,000
Technical field	F24H1/.3/.4/.7/.9/.15/.F24D18/.101/	Technical field	G01J5/
Scheme entry into force	Apr. 2022	Scheme entry into force	Apr. 2022
Expected completion of reclassification	pending	Expected completion of reclassification	pending
Number of documents to be reclassified	33,000	Number of documents to be reclassified	13,000
Technical field	B22F1	Technical field	C01F7/
Scheme entry into force	Nov. 2021	Scheme entry into force	Nov. 2021
Expected completion of reclassification	Mar. 2024	Expected completion of reclassification	Mar. 2023
Number of documents to be reclassified	5,800	Number of documents to be reclassified	5,100
Technical field	B64C13/.27/.33/.39/.99/.B64D27/	Technical field	B01F1/.3/.5/.7/.9/.11/.13/.15/
Scheme entry into force	Jan. 2023	Scheme entry into force	Apr. 2022
Expected completion of reclassification	Mar. 2025	Expected completion of reclassification	pending
Number of documents to be reclassified	5,800	Number of documents to be reclassified	38,000
Technical field	B60S1/	Technical field	G06T7/
Scheme entry into force	Nov. 2020	Scheme entry into force	Apr. 2017
Expected completion of reclassification	pending	Expected completion of reclassification	pending
Number of documents to be reclassified	8,300	Number of documents to be reclassified	26,000
Technical field	B60R1/	Technical field	B60J5/
Scheme entry into force	Nov. 2021	Scheme entry into force	Apr. 2020
Expected completion of reclassification	pending	Expected completion of reclassification	pending
Number of documents to be reclassified	12,000	Number of documents to be reclassified	2,000
Technical field	C12P7/	Technical field	H02K1/
Scheme entry into force	Nov. 2021	Scheme entry into force	Nov. 2021
Expected completion of reclassification	pending	Expected completion of reclassification	pending
Number of documents to be reclassified	4,000	Number of documents to be reclassified	14,500
Technical field	B61L27/	Technical field	B01D46/
Scheme entry into force	Apr. 2022	Scheme entry into force	Nov. 2021
Expected completion of reclassification	pending	Expected completion of reclassification	pending
Number of documents to be reclassified	2,500	Number of documents to be reclassified	10,700
Technical field	H05B45/	Technical field	A61F11/
Scheme entry into force	Apr. 2022	Scheme entry into force	Apr. 2022
Expected completion of reclassification	pending	Expected completion of reclassification	pending
Number of documents to be reclassified	1,600	Number of documents to be reclassified	500
Technical field	G06N10/	Technical field	B01D50/
Scheme entry into force	Apr. 2022	Scheme entry into force	Apr. 2022
Expected completion of reclassification	pending	Expected completion of reclassification	pending
Number of documents to be reclassified	300	Number of documents to be reclassified	100
Technical field	C25B1/.3/.9/	Technical field	G06K9/
Scheme entry into force	Apr. 2021	Scheme entry into force	Apr. 2022
Expected completion of reclassification	pending	Expected completion of reclassification	pending
Number of documents to be reclassified	2,200	Number of documents to be reclassified	4,800
Technical field	H04W28/	Technical field	G06F18/
Scheme entry into force	Jan. 2023	Scheme entry into force	Jan. 2023
Expected completion of reclassification	pending	Expected completion of reclassification	pending
Number of documents to be reclassified	500	Number of documents to be reclassified	12,500

Technical field	B64C21/	Technical field	H04W72/
Scheme entry into force	Jan. 2023	Scheme entry into force	Jan. 2023
Expected completion of reclassification	pending	Expected completion of reclassification	pending
Number of documents to be reclassified	400	Number of documents to be reclassified	2,300
Technical field	H01L29/	Technical field	G06N3/,5/
Scheme entry into force	Jan. 2023	Scheme entry into force	Jan. 2023
Expected completion of reclassification	pending	Expected completion of reclassification	pending
Number of documents to be reclassified	200	Number of documents to be reclassified	14,000
Technical field	H01M8/	Technical field	H04L1/
Scheme entry into force	Nov. 2017	Scheme entry into force	Jan. 2023
Expected completion of reclassification	pending	Expected completion of reclassification	pending
Number of documents to be reclassified	55,000	Number of documents to be reclassified	4,700
Technical field	B60L11/,50/,53/,55/,58/	Technical field	C12Q1/,C12N15/
Scheme entry into force	Apr. 2019	Scheme entry into force	Apr. 2018
Expected completion of reclassification	pending	Expected completion of reclassification	pending
Number of documents to be reclassified	31,000	Number of documents to be reclassified	65,000
Technical field	H05B37/,43/,45/,47/	Technical field	B62J3/,6/,9/,11/,17/,25/,27/,40/,43/,45/,50/,99/
Scheme entry into force	Apr. 2020	Scheme entry into force	Apr. 2020
Expected completion of reclassification	pending	Expected completion of reclassification	pending
Number of documents to be reclassified	25,000	Number of documents to be reclassified	21,000
Technical field	G03B30/	Technical field	A61B5/
Scheme entry into force	Apr. 2021	Scheme entry into force	Apr. 2021
Expected completion of reclassification	pending	Expected completion of reclassification	pending
Number of documents to be reclassified	65,000	Number of documents to be reclassified	17,000
Technical field	G01B9/	Technical field	
Scheme entry into force	Apr. 2022	Scheme entry into force	
Expected completion of reclassification	pending	Expected completion of reclassification	
Number of documents to be reclassified	4,500	Number of documents to be reclassified	

\*1: Technical fields where minor FI revisions take place and technical fields where reclassification is finished in short period are not listed.

\*2: Complete search with revised FI schemes is possible only after reclassification.

\*3: "Expected completion of reclassification" might be changed due to various reasons.

\*4: "Number of documents to be reclassified" might be changed due to various reasons.
