

Notification of Access Code

The access code will be notified by the following Notification of Access Code. By submitting Request for Issuance of Access Code (hereinafter referred to as “Request for Issuance of Access Code”) to the World Intellectual Property Organization, the Notification of Access Code will be sent to the submitter of the request.

When Request for Issuance of Access Code is submitted via an electronic communication line (online) using digital application software, if there is no deficiency in the request, the Notification of Access Code will be sent out about one week after submission of the document. On the other hand, when Request for Issuance of Access Code is submitted in paper form (paper document), since a period (about 1 month) is required to digitize the request, the Notification of Access Code will be sent out about one week after the document is digitized. Regarding the shipping form of the Notification of Access Code, there are two ways, online or by postcard (crimp postcard).
