

# Patent Prosecution Highway (PPH) User Seminar, Singapore

What is this Patent Prosecution Highway (PPH) that is building a network of more than 30 patent offices? How can patent applicants benefit from the PPH?

The PPH between the patent offices of Singapore and the United States of America was set up in 2009. For the first time, the patent offices have jointly organised this PPH User seminar to be held in Singapore. Besides understanding how to use the PPH and learning the benefits of using the PPH, participants will also receive updates on the PPH procedures.

The event is free of charge. Please provide name, designation, company/organisation and contact details for registration and quote 'PPH User Seminar' in the email subject to [lim\\_wee\\_kiat@ipos.gov.sg](mailto:lim_wee_kiat@ipos.gov.sg), latest by **20 Aug 2013**.
