1. Facilitating User Operations - Filing

Mobile
Access

Web
Access

Client App

The "Patent Business Processing System" supports web, mobile, and app access. Through the Reexamination and Invalidation module, users can file reexamination and invalidation requests, receive notifications, examination decisions, and other documents, and submit responses, etc.

1. Facilitating User Operations - Filing

After registering or completing information on the Unified Identity Authentication Platform, users can log in to the web version, client, and mobile terminal of the Patent Business Processing System with the same account and password to handle relevant business. This single sign-on solution eliminates the need to manage multiple logins and streamlines the user experience significantly.

1. Facilitating User Operations - Filing

<https://www.cnipa.gov.cn/col/col2632/index.html>

A foreigner, foreign enterprise, or other foreign organization having no habitual residence or business office in China shall entrust a legally established patent agency to handle relevant patent matters.

1. Facilitating User Operations - Evidence Preservation

The Internet Evidence Preservation Platform to simplify the submission and verification of digital evidence.

- **Electronic Evidence Files larger than 50MB;**
- **Preservation of Online Evidence that needs to be fixed and secured ;**
- **The Preservation certificate number from the Internet Evidence Preservation Platform can be entered into the Patent Business Processing System to reference the corresponding preservation information.**

The screenshot displays the '互联网证据平台' (Internet Evidence Platform) interface. The top navigation bar includes links for '首页' (Home), '屏幕录制' (Screen Recording), '清洁度检查' (Cleanliness Check), '屏幕截取' (Screen Capture), and '上传列表' (Upload List). The main content area shows a search bar for '请输入需要取证的网址' (Please enter the URL to be certified) and a '开始检查' (Start Check) button. Below this, there is a search bar for '证据材料搜索' (Evidence Material Search) with a '请输入存证编号...' (Please enter the evidence number...) field and a '搜索' (Search) button. The main content area displays a list of evidence files, including a file named '20230710095620.mp4' with a '证据二维码' (Evidence QR Code) and a '存证人信息' (Evidence Person Information) section. The '存证人信息' section shows '姓名: *****' and '存证编号: 230710095656214'. A '无效请求书' (Invalid Request Form) button is visible. Below the main content area, there is a table listing evidence files.

2. Innovating Trial Models

▲ Remote Hearings

▲ Circuit Hearings

▲ Remote Hearings

▲ Joint Trials of Infringement & Invalidation Cases

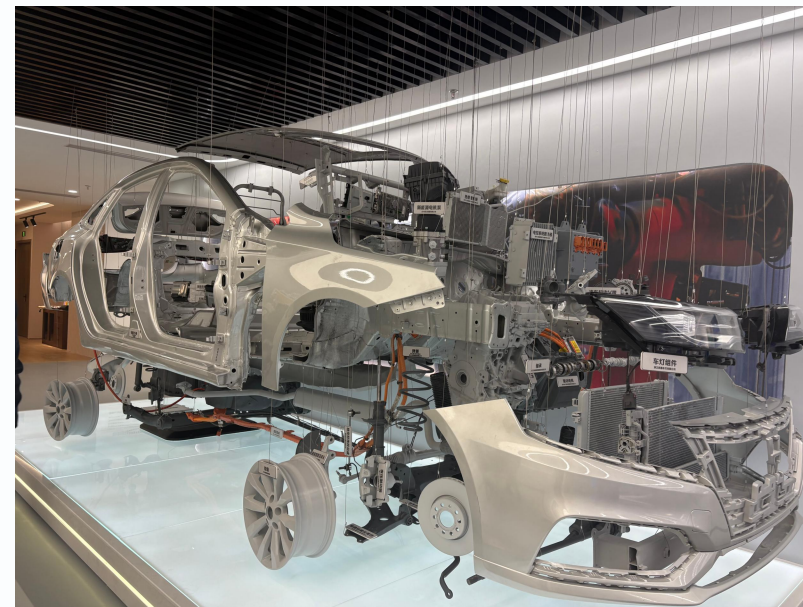

**Reducing time
and cost**

2. Innovating Trial Models

▲ Training for IP Protection Centers

Establishing oral hearing courts at IP protection centers to form a nationwide service network, ensuring professional and efficient hearing services for all regions.

▲ IP Protection Center in Zhejiang Province

▲ Oral Hearing Court: 3,077 Kilometers Away

3. Institutional Guarantees - Legal Guarantee

01

Composition of Examination Decisions

Decisions may be simplified to reflect the resolution of substantive disputes, focusing on core issues to enhance efficiency.

02

Petitioner' s Eligibility for Invalidation

Petitions must be made with genuine intent; those filed in another's name will not be accepted to ensure procedural authenticity.

03

Non Bis in Idem

Where grounds and evidence are identical or substantially identical, the burden on the right holder is alleviated to avoid repetitive litigation.

04

Submission of Amended Texts

Improved requirements for submitting amended replacement pages, standardizing the process and reducing procedural delays.

**Effective as of
Jan 1, 2026**

3. Institutional Guarantees - Case Law

3. Institutional Guarantees - Case Law

01 一种制备多相三晶体的方法“发明”专利复审无效请求案 (F596613)

02 一种药物组合及其制备方法和药物制剂“发明专利”无效宣告请求案 (A9119317)

03 一种基于基因编辑的“基因编辑”发明专利无效宣告请求案 (A9118971)

04 一种制备多相三晶体的方法“发明”专利复审无效请求案 (F596613)

05 “瓶子”外观设计专利无效宣告请求案 (6W128254)

06 一种制备多相三晶体的方法“发明”专利复审无效请求案 (F596613)

07 一种制备多相三晶体的方法“发明”专利复审无效请求案 (F596613)

08 无线通信系统“发明专利”无效宣告请求案 (A9122665)

09 一种制备多相三晶体的方法“发明”专利复审无效请求案 (F596613)

2025年度专利复审无效典型案例介绍

Traditional Media

We continue to publish in established publications to maintain our authoritative voice and reach audiences who prefer formal channels.

New Media / Social Networks

We are active on platforms like WeChat and other social networks to provide timely updates and interact directly with the public.

Goal: Enhance transparency and improve public understanding of our work.

OUTCOMES

First Release of New Cases
Be the primary source for latest case updates

In-depth Analysis of Decisions
Clarify rationale behind important rulings

3. Institutional Guarantees - Feedback Evaluation

4. Deepening Exchanges - With Users and the Public

IP Open Day

China International Patent Fair 2025

Exchange with Users

"Artificial Intelligence" Technology Research

4. Deepening Exchanges - Lectures

Lectures on IP5 Trial and Appeal Procedures

Lectures for overseas IP practitioners

4. Deepening Exchanges - Academic Cooperation and Technical Practice

Cooperation with Academic Institutions and Universities

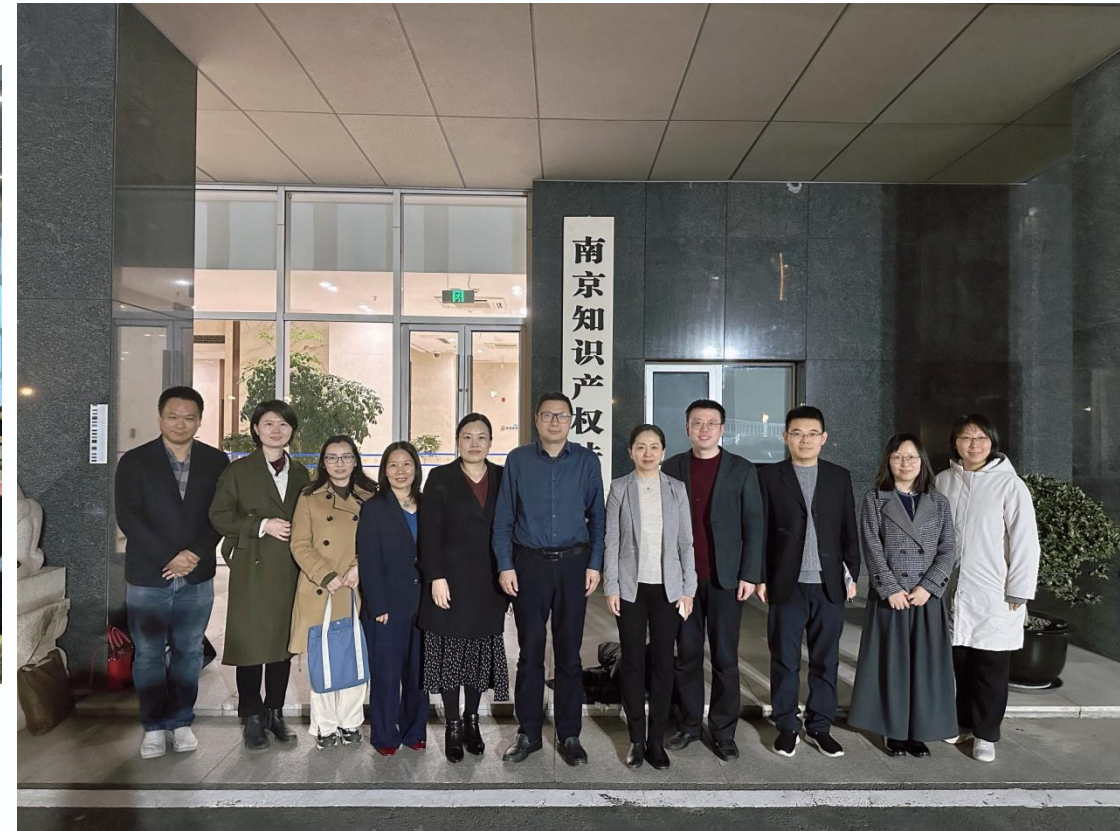

Technical Practice

4. Deepening Exchanges - Judicial Cooperation

Seminar with Courts

Litigation Seminars

4. Deepening Exchanges - IP Services at Exhibitions

**Supply Chain Expo
(Beijing, July)**

4

**Consumer Products
Expo (Haikou, Apr)**

1

**Canton Fair
(Guangzhou,
Apr & Sep)**

Exhibitions

2

**CIFTIS (Beijing,
September)**

中国国际消费品博览会
CHINA INTERNATIONAL
CONSUMER PRODUCTS EXPO

3

4. Deepening Exchanges - International Cooperation

IP5 Boards High-level Meeting

Joint Experts Group Meeting for Trial and Appeal (JEGTA) among CNIPA, JPO and KIPO

Online Exchange with EPO Boards of Appeal

Exchange with EUIPO Boards of Appeal

Meetings with EUIPO and DG TRADE

Thank You!
